

Glasgow Pleire  
Glasgow Nov: 14<sup>th</sup> 1848.

Very Dear Friend

I write to say that  
to day a box has been sent off by  
the Glasgow Female A.S. Society for  
your Boston Bazaar accompanied  
by one from Perth, we should like  
to hear from you at your leisure,  
what articles sell best & what  
articles seem to be least wanted.  
as it would guide us for time to come.

Mrs Chapman stated in a  
letter I received from her lately that  
it would be desirable if we would  
put a blank ticket on each article  
besides the one with the price  
however we only numbered the ticket  
leaving as much blank as would

admit of your putting down your  
own price, you shall find our prices  
affixed to the numbers in the invoice  
as usual. We are sorry our contributions  
are not so numerous as they were last  
year, the commercial depression which  
has been severely felt may be the  
principal cause of this, we are delighted  
however to be co-workers with you in  
this glorious cause whether it be by  
much or by little our sympathies &  
interest increases every day, our spirits  
are ever with you longing earnestly  
for the complete consummation of  
your efforts in the entire overthrow  
of that dreadful system slavery,  
hoping to hear good account of the  
sale & that all may reach you in  
safety, with kind love we remain  
yours in the cause of  
humanity Mary Welsh. &c
